STATE OF GEORGIA**

**ORDINANCE NUMBER 05-04
(as enacted)
TOWN OF SHARPSBURG, GEORGIA**

PREAMBLE AND FINDINGS

WHEREAS, the Mayor and Council of the Town of Sharpsburg find that discharges to the Town of Sharpsburg's separate storm sewer system that are not composed entirely of stormwater runoff contribute to increased nonpoint source pollution and degradation of receiving waters; and

WHEREAS, these non-stormwater discharges occur due to spills, dumping and improper connections to the Town of Sharpsburg's separate storm sewer system from residential, industrial, commercial and institutional establishments; and

WHEREAS, these non-stormwater discharges not only impact waterways individually, but geographically disperse, small volume non-stormwater discharges that can have cumulative impacts on receiving waters; and

WHEREAS, the impacts of these discharges adversely affect public health and safety, drinking water supplies, recreation, fish and other aquatic life, property values and other uses of lands and waters; and

WHEREAS, these impacts can be minimized through the regulation of spills, dumping and discharges into the Town of Sharpsburg's separate storm sewer system; and

WHEREAS, localities in the State of Georgia are required to comply with a number of State and Federal laws, regulations and permits which require a locality to address the impacts of stormwater runoff quality and nonpoint source pollution due to improper non-stormwater discharges to the Town of Sharpsburg's separate storm sewer system; and

WHEREAS, the Mayor and Town Council desire to prohibit such non-stormwater discharges to the Town of Sharpsburg's separate storm sewer system through the regulation of spills, improper dumping and discharges to the Town of Sharpsburg's separate storm sewer system.
